

## 45 and Up Study Variable Checklist

This form lists variables for the 45 and Up Study Baseline (2006-2009), Follow-up (2012-2015) and Social, Economic and Environmental Factors (SEEF - 2010) questionnaires.

Please include a brief written justification for each group of questionnaire items requested. For medical conditions either choose by topic groups (family histories, medical conditions, treatments and operations) or by disease groups (cancers, CVD, diabetes, Parkinson's disease, musculoskeletal diseases, precursors for CVD and diabetes, mental health, respiratory diseases)

Copies of the questionnaires, data dictionaries and questions in each item group are available at <https://www.saxinstitute.org.au/our-work/45-up-study>

Access to 45 and Up Study data for approved projects is available only via the Secured Unified Research Environment (SURE). For more information about using the SURE facility to access data see <https://www.saxinstitute.org.au/our-work/sure/>

Please submit this checklist with the **45 and Up Study Project Application Form** or the **Application to Amend Approved Research Project Form**.
